For Sale : **€ 85,000**

Description
Space is the first thing that strikes you here: a residential field of 11,400 m² in Pigenia, bordered by a small river and set within easy reach of the village centre.

The ground slopes gently away and follows an irregular outline. That gives the land a natural, landscape-led character rather than a flat, uniform feel. Its residential zoning points towards a home of your own, surrounded by authentic village life and a strong local identity.

Daily life is well covered. Supermarkets, shops, cafés, a petrol station and a public service office are all a short drive away. The coastal villages of Kato Pyrgos and Agios Theodoros Tillirias are close by, and the sea is never far off. For days out, Gialia Monastery and the Cyprus Mufflon Enclosure invite you to explore the wider region.

A generous stretch of land on the authentic side of Cyprus, where the sound of the river and a slower village pace set the tone for everyday living.
