Village life and open Paphos countryside meet on
this genero...

For Sale : **€ 80,000**

Description
Village life and open Paphos countryside meet on this generous Cyprus field in Peristerona. It sits in a residential setting, a short drive from the village centre and the shores of Evretou Lake. Supermarkets, shops, restaurants and cafés are close at hand, as are the neighbouring villages of Steni and Trimithousa.

The land is zoned for residential use, with room to picture a family home shaped around its sloping ground. The field has direct road access and easy links to the community centre and the surrounding villages, so daily errands stay simple.

Further afield, schools, parks, sports venues and main roads are all a drive away. The wider district stays within reach, while home remains rooted in authentic Cypriot village life.

This sale is for a one-quarter share of the land. It offers a foothold in a landscape-led corner of Peristerona, with residential land, the village close by and Evretou Lake never far away.
