For Sale : **€ 59,000**

Description
Open views across the surrounding countryside set the tone for this residential field for sale in Pigenia, a small village in the green hills of the Nicosia District. Sitting just beyond the heart of the community, it offers a generous piece of land with a regular shape and a gentle slope that follows the natural lie of the landscape.

Zoned for residential use, it is a chance to picture a home of your own in authentic village surroundings, with the rhythm of rural Cyprus all around. Everyday needs stay within easy reach. Supermarkets, shops, cafés, restaurants and a petrol station are a short drive away, as are the neighbouring villages of Agios Theodoros Tillirias and Kato Pyrgos.

Further afield, the historic Gialia Monastery and the Cyprus Mouflon Enclosure invite slow weekend outings into the wider region. This sale is for a half share of the land. What lingers most is the setting: a well-proportioned residential plot in Pigenia, framed by a view of the hills and a slower, village pace of life.
