For Sale : **€ 60,000**

Description
Far from the pace of city life, this residential field in Pigenia sits in a tranquil and beautiful natural setting, where the hills of the Nicosia countryside set the tone. For anyone looking for buildable land in Pigenia, it offers space, calm and the authentic side of Cyprus.

The land is generous in size, with an irregular shape and a sloping surface that follows the lie of the landscape. It is reached by road, and its residential zoning points naturally to a home surrounded by open countryside.

Daily life stays practical. The village centre, supermarkets and shops, restaurants and cafés, a petrol station and a public service office are all a short drive away. The neighbouring villages of Mansoura and Agios Theodoros Tillirias are close too. Further out, Gialia Monastery and the Cyprus Mouflon Enclosure add heritage and nature to weekends in the wider region.

This sale is for a 3/11 share of the land. What stays with you is the setting itself: quieter surroundings, village life and a closer connection to nature in one of the most peaceful corners of the district.
