For Sale : **€ 185,000**

Description
Set among the hill villages of the Limassol district, this generous stretch of buildable residential land in Mandria brings together authentic village life and plenty of room to breathe. The village centre, with its cafés, restaurants and everyday services, is only a short drive away, and the neighbouring villages of Kato Platres and Foini are close by too.

The land covers 16,123 m², with a sloping, irregular shape and direct road access. Its residential zoning points to a home of your own, in a landscape-led setting away from dense urban development, where the hills shape the outlook of daily life.

Practical needs are well covered. Schools, a medical centre or pharmacy, parks and sports venues are all within easy reach, main roads are close at hand, and larger supermarkets and shops are a drive away. This sale is for a half share of the land.

What stays with you is the setting: the slower pace and close-knit community of a mountain village, with generous space to plan a home around it.
