For Sale : **€ 177,000**

Description
Restaurants and cafés lie within walking distance of this residential field in Agios Tychonas, a Limassol community where everyday comforts and a sense of history sit side by side. The heritage site of Amathus is only a short drive away, so the past is never far from the present here.

The land covers 7,044 m² in a residential zone, which gives room for a home within an established community setting. The ground slopes and the shape is irregular, so any plans will follow the natural lie of the land. Access is by an unpaved dirt road.

Picture an evening walk down to a nearby café for dinner, then the short way back as the day winds down over Agios Tychonas. It is the kind of easy, local rhythm that makes a place feel like home. The sale is for a 4/7 share of the field.

A sizeable stretch of residential land, cafés within a stroll and Amathus close by bring together much of what draws people to this corner of Limassol.
