For Sale : **€ 54,000**

Description
Set in open countryside near the village of Pigenia, this field offering brings two adjoining agricultural parcels together as a single holding of 13,379 m². It is a straightforward piece of farmland in the Nicosia District, suited to farming, planting or simply holding land. The ground slopes and has an irregular outline, sitting within a natural rural landscape. The village centre and a petrol station are a short drive away, as are neighbouring Mansoura and Agios Theodoros Tillirias. Taken together, the two fields form a generous, versatile area of agricultural land in Pigenia.
