Description
Few plots in the Larnaca area sit this close to the island's busiest gateway. This field in Meneou, Dromolaxia-Meneou, lies within walking distance of Larnaca International Airport. It is zoned for commercial use, so business plans have a clear starting point here.

The land covers 649 m². It has a regular shape and an even surface, which keeps any layout simple and uncomplicated. The setting has a practical, everyday feel. Main roads, petrol stations and public service offices are a short drive away, as are supermarkets, restaurants and cafés. Larnaca town centre and neighbouring Perivolia are within easy reach too.

There is also a lighter side to the location. The Larnaca Salt Lake, one of the area's best-loved nature spots, is only a short drive away, and so is a park for a break from the working day.

Commercial land on the doorstep of the airport is a proposition that speaks for itself. In Meneou, that means a compact, well-proportioned field in a place where travellers, services and the wider Larnaca district all come together.
