Description
Village life in Lageia sets the tone here, with this residential field lying within the community and not far from its centre. Around it, the neighbouring villages of Vavla and Ora are a short drive away, as is the water and greenery of Kalavasos Lake, a pleasant setting for a slower pace of life. The land covers 3,345 m², with an irregular shape and a sloping surface that follows the lie of the ground. Its residential zoning gives room for a home of your own among authentic village surroundings, with the familiar rhythm of a small Larnaca community on the doorstep. The land has no direct road access. A sizeable residential field in the heart of Lageia, with the lake and the neighbouring villages close by.
