Description
Close to the centre of Pigenia, this residential field offers a sizeable stretch of village land in the Nicosia district, with room for a home within easy reach of community life. Here the pace is set by the village around you, with its neighbours, its daily routines and the familiar feel of a small community.

The land covers 2,800 m² and has an irregular shape with a sloping surface. A home designed around that slope could give the plot its own character. Residential zoning points clearly to that use, and the field has direct road access, so getting on site is straightforward.

Everyday needs are well covered. Supermarkets and shops are a short drive away, and the neighbouring communities are easy to reach. For time outdoors, the Pomos Reservoir is within a drive, a setting for unhurried weekends by the water.

Village land close to the heart of Pigenia, with direct road access and room for a home shaped by the lie of its ground.
