Description
Surrounded by a beautiful natural environment, this field in Pachna offers almost a hectare of gently sloping land on the edge of authentic Cypriot village life. Its residential zoning gives scope for a home set within the landscape, with space to breathe on every side.

At 9,709 m², the plot is generous by any measure. Its irregular outline and slight slope follow the lie of the countryside, and a country track leads to it. The setting is landscape-led, away from dense urban development, yet everyday needs stay close at hand.

The village centre, schools, restaurants and cafés are all a short drive away, as are parks and the neighbouring villages of Prastio Avdimou and Agios Amvrosios. The Limassol–Paphos motorway is within a comfortable drive, so the coast and the city are easy to reach, while landmarks such as Kolossi Castle lie in the wider region.

A generous piece of residential land in the hills of Pachna, where open countryside and village character set the tone.
