For Sale : **€ 115,000**

Description
Close to the heart of Psathi, a village in the Paphos district, this sizeable field of 11,313 m² brings a relaxed rural setting together with the life of the village centre just a short walk away. It is a place where a slower pace and a close-knit community are part of the everyday.

The land is divided between two uses. About half lies in a residential zone, with room for a home, while the other half is agricultural land suited to farming. The ground slopes gently across an irregular outline, giving the field a natural, unforced feel. It has direct road access and also meets a pathway along one side.

Beyond the village, neighbouring Agios Dimitrianos is a short drive away, and the Kannaviou Reservoir is within a drive for days spent by the water and among nature.

Room to build a home on one part and to grow on the other, all within easy reach of Psathi's village life.
