Description
In Psathi, in the Paphos district, three adjoining fields come together as one sizeable holding of 48,684 m². The land has a regular shape and a sloping surface, with direct road access along a public road. It lies close to the village centre, opposite the nearest homes of the community, and the Limassol–Paphos Motorway is a drive away.

Part of the land lies in an agricultural zone, suited to farming, and part lies in a protection zone. Some obsolete structures stand on the land. This is a large, regular holding of agricultural ground with its own road frontage.
