Description
Set on the edge of village life, this residential field in Pigenia offers a generous 2342 m² in a relaxed rural setting, far from dense urban development. The land is zoned for residential use, giving room to picture a family home surrounded by open countryside and the character of a traditional Cypriot community.

The ground is sloping and irregular in shape, the kind of terrain that suits a home designed around the landscape. Everyday needs are a short drive away, with the village centre, supermarkets and shops, restaurants and cafés, a petrol station and a public service office all close by. The neighbouring villages of Mansoura and Agios Theodoros Tillirias are also within easy reach.

For weekends, parks and green spaces lie a drive away, along with the historic Gialia Monastery, while the Cyprus Mouflon Enclosure sits in the wider region. It is a corner of the Nicosia District where a slower pace and a close-knit community still shape daily life.

In Pigenia, this is generous residential land and an honest chance to put down roots on the authentic side of Cyprus.
