For Sale : **€ 80,000**

Description
Cafés and restaurants right next door, schools within walking distance, and the unhurried rhythm of authentic Cypriot village life all around. This field for sale in Omodos sits within one of the best-loved wine villages of the Limassol hills, a place known for its traditional charm and a close-knit community.

The land is zoned residential, giving it a clear purpose as the setting for a home. Its irregular, sloping shape faces east, and it has direct road access. Public service offices are within easy reach on foot, while a supermarket, a pharmacy and sports venues are a short drive away.

Beyond the village, neighbouring Vasa Koilaniou and Potamiou are close by, with parks and green spaces to explore and the Church of Archangelos Michail within a drive. When the coast calls, the Limassol–Paphos Motorway links the hills to the rest of the island.

This sale is for a share of the field, corresponding to approximately 2,972 m².

It is a chance to put down roots in Omodos, with everyday village life on the doorstep and cooler summers in the hills to look forward to.
