Description
Two adjoining agricultural fields are on the market in Stroumpi, Cyprus. They are offered together as a single holding of 17,540 m² in an open countryside setting within the Paphos district. The combined land has a regular, well-proportioned shape on sloping ground, with direct road access over an asphalt road.

The village centre and petrol stations are a short drive away, as is neighbouring Theletra. The Limassol–Paphos motorway and its junctions are within easy reach by car. Zoned for agricultural use, this is a versatile piece of land for farming or planting.
