For Sale : **€ 95,000**

Description
Life in Pissouri moves at a village pace, and this residential land puts you close to it: restaurants and cafés lie within walking distance, ready for an unhurried coffee in the morning or a long dinner as the evening cools. Paphos International Airport is about 20 km away, so the journey from arrival to village life stays short.

The land sits in a residential zone, and its natural use is a home. The ground is sloping and irregular in shape, a setting that invites a design which works with the lie of the land rather than against it. The part of the field on offer is free of buildings, with room for a home to take shape on the slope.

Picture a house that steps with the ground, with the village and its tables a stroll away and the rest of Limassol district within easy reach. The sale is a 575/2696 share of the field.

A place in Pissouri, close to its cafés and its everyday rhythm, waiting for a home of its own.
