Description
In the hill village of Farmakas, this residential field of 5,352 m² offers the space and setting for a home rooted in authentic Cypriot village life. The land slopes and faces west, and it has direct road access, so reaching it is straightforward from the start.

The village centre is a short drive away, with restaurants and cafés, a medical centre or pharmacy and everyday services close at hand. The neighbouring villages of Kampi and Apliki are nearby too, as is the Transfiguration of the Saviour Church, one of the area's heritage landmarks. A school, a bus station and a main road are a little further on.

This is a landscape-led setting away from dense urban development. Kionia peak is a short drive away, and the traditional village of Fikardou and the slopes of Papoutsa are within reach for weekend walks. Zoned for residential use, this generous plot gives you room to plan a home among the hills, with the mountain village character of Farmakas all around.
