Description
Set in the open countryside of Lythrodontas, this agricultural field covers 7544 m² of even ground. The level surface suits farming or planting, and the land lies in a landscape away from dense development. The village centre and a petrol station are a short drive away, Mathiatis is close by, and the Nicosia–Limassol motorway can be reached within a drive. This sale is for a half share of the field. It is a straightforward, level piece of farmland in the rural Nicosia district.
