Description
Right beside the village of Pachna, this residential field offers a generous stretch of sloping land in a setting with a strong local identity. Anyone searching for a field for sale in Pachna, Cyprus, will find authentic Cypriot village life all around it, with schools within walking distance and the everyday rhythm of the community close at hand.

The land is zoned for residential use, so it lends itself to a home shaped around its natural slope and irregular outline. It has direct road access, and the neighbouring villages of Kissousa and Agios Amvrosios are a short drive away, along with restaurants, cafés, parks and green spaces.

When the wider island calls, main roads and the Limassol–Paphos Motorway are within a drive, and the historic Castle of Kolossi lies in the wider region. A petrol station and a public service office are also within easy reach for daily errands.

This sale is for a one-third share of the field. What stays with you is the setting: open residential land on the edge of a living Cypriot village, where a slower pace and a close-knit community are part of every day.
