For Sale : **€ 67,000**

Description
A short stroll from the village centre, this generous field in Agios Mamas offers a real stake in authentic Cypriot village life. The land rises gently across the hillside, its irregular outline following the natural lie of the countryside, with direct road access making it easy to reach and use.

Part of the field sits within a residential zone, where a family home could take shape among the village surroundings. The rest is agricultural land, suited to growing and tending the soil. Together they give a landscape-led setting away from dense urban development, with room to breathe.

Everyday needs are close at hand. Supermarkets, schools, cafés and restaurants are a short drive away, as are the neighbouring villages of Kapileio and Trimiklini, with parks and green spaces nearby. Main roads are within easy reach, with the motorway further afield, so the wider Limassol district stays well connected.

This sale is for a half share of the land.

A slower pace, a close-knit community and the village centre on foot make this a setting with a strong local identity, and a genuine piece of the Cypriot hills.
