For Sale : **€ 30,000**

Description
Olive trees already grow on this agricultural field in Kato Drys, a clear sign of fertile ground that can be cultivated. The land covers 11372 m² of sloping countryside and has direct road access, so planting, tending and harvesting are simple to manage.

The villages of Choirokoitia and Skarinou are a short drive away, as are main roads and petrol stations. The Nicosia–Limassol motorway is also within a short drive, with good links across the island. This is a generous, open field of productive ground with its olive trees already in place.
