Description
Authentic Cypriot village life sets the tone for this residential field in Pigenia, a generous 2,756 m² of land where a home of your own can take shape away from the pace of the city. The land lies a little outside the village centre. It has an irregular outline and a sloping surface, which gives a design the chance to work with the lie of the land rather than against it.

Daily life stays uncomplicated. The village centre, restaurants and cafés, supermarkets and shops, a petrol station and a public service office are all a short drive away. The neighbouring villages of Pano Pyrgos and Kato Pyrgos are close by too, which widens the choice for errands and evenings out.

Further afield, parks and green spaces invite slow weekends outdoors. Gialia Monastery is a pleasant drive away, and the Cyprus Mouflon Enclosure lies in the wider region, a reminder of how much open landscape surrounds this corner of the island.

Residential zoning, ample space and traditional village charm all around: this is a setting with a strong local identity, ready to be shaped into the home you have in mind.
