For Sale : **€ 24,000**

Description
Two agricultural parcels in Pigenia, sold together as one field of 15,771 m², form a sizeable piece of farmland in the Nicosia countryside. The land lies outside the village centre, and Agios Theodoros Tillirias and Selladi tou Appi are among the neighbouring villages.

The field is irregular in shape, and its ground is uneven and sloping. It is zoned for agriculture, which suits farming or planting. The land has no direct road access.

A large stretch of agricultural land outside Pigenia village, sold as a single unit.
