For Sale : **€ 23,000**

Description
Village life in Pomos is close at hand from this residential field, a short walk from the heart of the community, with restaurants and cafés within walking distance. Here, an evening coffee or a meal out is part of the everyday rhythm rather than a trip.

The land covers 1,505 m² and has an irregular, sloping shape. It fronts a registered road along one side, giving it direct road access. Its residential zoning allows a two-storey building, so there is room for a home with a village around it, and the land is also described as suitable for plot separation or a residential development.

Beyond the village streets, Pomos Reservoir lies a short drive away, bringing a touch of nature within easy reach. Nearby villages such as Pachyammos are a short drive too.

The sale is for a 1/4 share of the field. An unpretentious piece of land in an authentic Cypriot village, where the setting makes its own case.
