

For Sale, Land, Field, Paphos, Konia, 874m²

Supermarkets and shops right next door, schools within walki...

For Sale : **€ 70,000**

Description
Supermarkets and shops right next door, schools within walking distance and the centre of Paphos only a short drive away. This residential field in Konia puts everyday convenience at the heart of the plan. Konia is a well-connected community on the edge of town, where errands, school runs and evenings out all stay close.

The land covers 874 m² in a regular, well-proportioned shape with a sloping surface. Its residential zoning makes it a natural setting for a home of your own, in a neighbourhood already well served by the essentials. The field has no direct road access.

Getting around is uncomplicated. The Limassol–Paphos motorway and its junctions are a short drive away, as are Paphos General Hospital, a medical centre and pharmacy, petrol stations and public service offices. Restaurants, cafés, sports venues and parks are also close, and neighbouring Anavargos is within easy reach. For anyone picturing a home in a residential setting where so much of daily life sits close at hand, this corner of Konia offers an appealing balance of location and flexibility.
