For Sale : **€ 50,000**

Description
Village life in the Limassol hills has a pace all its own, and this residential field in Pera Pedi puts you right in the middle of it. Here you get a setting with real local identity, surrounded by authentic Cypriot villages rather than dense urban development, yet with everyday comforts never far away.

The land is generous, close to rectangular in shape, with a sloping, north-facing surface and direct road access. Its residential zoning points to its natural use as the site for a home, and the gradient of the ground gives a design character to think about from the very start.

Life around Pera Pedi is uncomplicated. The village centre, restaurants and cafés, schools, a medical centre and parks are all a short drive away, as are the neighbouring villages of Kilani and Koilani. Main roads are close by, and larger supermarkets and shops are a drive away. This sale is for a half share of the land.

What stays with you is the setting itself: an honest, landscape-led corner of Cyprus where a slower pace and a close-knit community are part of everyday life.
