Set right beside the village of Anogyra, this residential fi...

For Sale : **€ 46,000**

Description
Set right beside the village of Anogyra, this residential field for sale offers a generous stretch of level land in authentic Cypriot village surroundings. Restaurants and cafés are within walking distance, so a coffee on the square or a long evening meal is never far away.

The land has an even surface and direct road access, and its residential zoning points to a home of your own in a setting with a strong local identity. Neighbouring villages such as Agios Thomas and Prastio Avdimou are a short drive away, as are schools and green spaces. Supermarkets, a medical centre and petrol stations are a drive away, and the Limassol to Paphos motorway keeps the coast and both cities within easy reach.

Anogyra offers a slower pace and a close-knit community, an honest alternative to city or resort living. This sale is for a one-third share of the field. Level residential land, close to everyday village life and well connected to the wider island, makes an appealing place to picture a future home.
