Description
Just a short walk from the heart of Dierona, this residential field in the Limassol hills offers a home site with authentic Cypriot village life all around it. Here the pace slows, neighbours know one another, and the countryside is never far from view.

The land is made up of five adjoining parcels, offered together as one holding of 2,066 m². Its residential zoning points to a home of your own. The ground has an irregular outline and a sloping surface, which gives a future design plenty to work with.

Everyday life is simple. Restaurants, cafés, parks and green spaces are a short drive away, as are the neighbouring villages of Arakapas and Prastio Kellakiou. A supermarket, a school and a sports venue are within easy driving distance. The Nicosia–Limassol motorway is reachable when town or the coast calls, and the historic Transfiguration of the Saviour Church is nearby for a quiet afternoon out.

A generous stretch of residential land in Dierona, with the village centre almost on the doorstep and the calm of the hills all around.
