Description
This agricultural field in Pano Pyrgos, in the Nicosia district, covers 3679 m² in an open countryside setting, a short drive from the village centre. The ground is sloping and irregular in shape, and the land is zoned for agricultural use, so it can be farmed or planted. The neighbouring villages of Kato Pyrgos and Pigenia are both a short drive away, as is a petrol station. It is a versatile, sloping piece of farmland set in a rural landscape well away from dense urban development.
