Description
An agricultural field for sale in Kato Pyrgos, part of the Nicosia district, set in an open countryside setting outside the village centre. The surroundings are rural, well away from dense urban development.

The land covers 5352 m² and has a regular, well-proportioned shape with an even surface, so the whole plot is simple to survey and maintain. It is reached by road, and its tidy outline makes the boundaries easy to follow. This is a long-term land holding with a plain, straightforward layout. A level, regular piece of Kato Pyrgos countryside.
