Description
This field in Lythrodontas sits in an open countryside setting, a short drive from the village centre and from neighbouring Kapedes. It covers 4,943 m² of sloping ground in a triangular shape, in a landscape away from dense urban development.

A petrol station is a short drive away, and Kataliontas is within easy reach. The Nicosia–Limassol motorway and its junctions are a drive away, linking the area with both cities. The land lies within a protected countryside zone in the Nicosia district. It is a sizeable piece of open, sloping ground in the Lythrodontas countryside.
