Description
A coastal field in Kato Pyrgos, set in open countryside a short way outside the village and not far from the sea. The land covers 19147 m² in total. It has an irregular outline and uneven ground that follows the natural lie of the landscape. It sits away from dense development, in a quiet rural corner of the Kato Pyrgos area in Nicosia District. This sale is for a one-third share of the field. It is a sizeable piece of the Cypriot countryside close to the coast.
