For Sale : **€ 7,200**

Description
Set in open countryside in Pano Pyrgos, this agricultural field extends over 6169 m² of Nicosia district farmland. Its agricultural zoning makes it suitable for cultivation and planting. The village centre and a petrol station are a short drive away, and the neighbouring villages of Kato Pyrgos and Pigenia are also close by. The field has an irregular shape and an uneven surface. This sale is for a half share of the land. It is a sizeable piece of agricultural ground in a rural setting, away from dense development.
