For Sale : **€ 20,000**

Description
Set within the village of Pachna, this field on residential land opens the way to a home rooted in authentic Cypriot village life. Schools, restaurants and cafés are all within walking distance, so everyday routines can stay simple and local, while the neighbouring villages of Kissousa and Agios Amvrosios and nearby parks and green spaces are only a short drive away.

The land is generous and enclosed, with an irregular shape and a smooth, easy surface. Its residential zoning points naturally towards a family home surrounded by authentic village surroundings, a world away from dense urban development.

When the city calls, the Limassol - Paphos Motorway and main roads are a drive away, and the wider region rewards weekend exploring, with Kolossi Castle and its history within reach. It is an honest, uncomplicated setting that offers a slower pace without cutting you off from the coast and its towns.

This sale is for a one-third share of the land. What remains is the appeal of Pachna itself: a close-knit village with its school and cafés a short stroll away, and room to picture a home of your own.
