**Description**
Two adjoining agricultural fields in the countryside of Farmakas, in the Nicosia district, are offered together as a single holding of 27,091 m². The land is zoned for agricultural use and suits farming or planting. It lies in an open countryside setting, away from dense urban development. The ground slopes and has an irregular shape, and the land is reached by road. The village centre is a short drive away, as are the neighbouring villages of Lazanias and Kampi. A main road is within driving distance. This is a generous, versatile piece of agricultural land with plenty of room to work.
