Two neighbouring fields in Theletra are sold together as one...

For Sale : **€ 40,000**

Description
Two neighbouring fields in Theletra are sold together as one holding of 10,406 m² of agricultural land. The village centre is a short drive away, and the village of Kathikas is also within a short drive.

The ground slopes and the combined plot has an irregular shape. Its agricultural zoning suits farming and planting, or holding the land as part of a rural property in the Paphos countryside. Sold as a single unit, it forms one sizeable piece of farmland in the Theletra area.
