For Sale : **€ 5,000**

Description
A field on the market in Pigenia, Cyprus, set in open countryside a short drive from the village centre. It covers 3349 m² of agricultural ground, with a sloping surface and an irregular shape that follows the lie of the land.

Zoned for agricultural use, the land can be farmed or planted at a low-intensity scale. It has no direct road access. The neighbouring villages of Agios Theodoros Tillirias and Pano Pyrgos are also a short drive away, as is a petrol station. This is a versatile piece of farmland in the Pigenia countryside.
