Description
This 7,024 m² field lies in the countryside of Kalo Chorio, Limassol, on agricultural land suited to farming or planting. The ground is irregular in shape with an uneven surface, an open plot in a setting away from dense urban development.

The village centre is a short drive away, as are the neighbouring villages of Zoopigi and Kapileio. Main roads and petrol stations are within a drive, and the Limassol–Paphos and Nicosia–Limassol motorways lie in the wider region. The field has no direct road access at present. This is a versatile piece of land in the Kalo Chorio countryside, with generous space for cultivation.
