For Sale : **€ 22,000**

Description
Schools, restaurants and cafés are all within walking distance of this residential field in Pachna, a Limassol hill village where everyday life still happens at a close-knit, unhurried pace. The village centre is close by, so the daily essentials of authentic Cypriot village life are part of the setting rather than a drive away.

The land is a neat rectangle with an even surface, an uncomplicated shape that is easy to picture as the site of a family home, as its residential zoning allows. It has direct road access, which keeps arrival simple from the very first visit.

Beyond the village, the neighbouring communities of Agios Amvrosios and Kissousa are a short drive away, along with parks, green spaces and a petrol station. The Limassol to Paphos motorway is within reach for trips to the coast and the city, and heritage sites such as the Castle of Kolossi lie in the wider region.

This sale is for a one-fifth share of the land. It offers a level, well-shaped piece of residential land in Pachna, with the school, the cafés and the rhythm of village life all close at hand.
