Description
Life in Agros moves at a gentler pace, and this residential field in Agros puts you right in the middle of it. The village centre, cafés and restaurants are only a short drive away, and the surroundings carry the authentic character of a close-knit hill community, an alternative to city or resort living.

The land covers 874 m², with a regular shape and an even surface that make it simple to plan around. Its residential zoning points naturally towards a home of your own, and direct road access keeps day-to-day arrival uncomplicated.

Everyday needs are well covered nearby. Schools, supermarkets and shops, medical centres and pharmacies, parks and a sports venue are all within easy reach, while the neighbouring villages of Agios Theodoros and Agios Ioannis are a short drive away. The main roads are a drive away when the coast or town calls.

A well-proportioned, level plot on residential land, set amid authentic Cypriot village life: a setting where a home could feel rooted from the very start.
