

For Sale, Land, Field, Nicosia, Pigenia, 2,342m²

Village life gathers around the centre of Pigenia,
and this...

For Sale : **€ 3,500**

Description
Village life gathers around the centre of Pigenia, and this field sits close to it, near the village church. It is a setting shaped by its community, with neighbouring Mosfili and Agios Theodoros Tillirias a short drive away and the open water of Pomos Reservoir within a drive for unhurried weekend afternoons.

The land lies in a residential zone, which gives it room for a home in the heart of a small Nicosia district village. Its surface is smooth and its outline irregular, a plot that invites you to imagine how a house might sit among the village homes around it.

The field has no direct road access. The sale is a 1/8 share of the field.

For anyone drawn to a village where the church and the centre are part of everyday life, Pigenia offers a calm, grounded place to picture a future home.
