Description
In the Stroumpi community of the Paphos district, this agricultural field covers 8,300 m² of land with an even surface and an irregular shape. Its frontage on a public road gives it direct road access. The village centre is a short drive away, as are the neighbouring villages of Polemi and Giolou, and the Limassol - Paphos Motorway is within a drive.

The land is zoned for agricultural use and can be farmed or planted. It is a sizeable field, workable thanks to its even ground.
