Description
A field of 1673 m² in the Mosfili countryside of Nicosia district. It sits in a landscape-led setting away from dense urban development. The village centre is a short drive away, and so are the neighbouring villages of Selladi tou Appi and Agios Theodoros Tillirias. A petrol station is within a drive.

The land has an irregular shape and a sloping surface that follows the natural lie of the ground. It has no direct road access. This is an uncomplicated piece of rural land in Mosfili, with 1673 m² of open ground.
