

For Sale, Land, Field, Limassol, Pelendri, 1,887m²

Pine-covered slopes, mountain air and the
Troodos National F...

For Sale : **€ 20,000**

Description
Pine-covered slopes, mountain air and the Troodos National Forest Park right next door set the tone for this field listed in Pelendri, one of the hill villages of the Limassol district. It is a landscape-led setting, far from dense urban development, where summers run cooler and village life moves at a gentler pace.

The land covers 1887 m² of gently sloping ground with an irregular, natural shape that follows the hillside. It has direct road access, and its residential zoning opens the way to a home in the mountains, with the forest as your neighbour.

Daily needs stay within easy reach. The village centre, restaurants and cafés, schools, a park and petrol stations are a short drive away, as is neighbouring Amiantos. Supermarkets, medical centres and pharmacies, and the main roads are a little further. Pelendri keeps its traditional village charm and close-knit community, an authentic alternative to city or resort living.

This sale is for a two-thirds share of the land.

Above all, this is a piece of the Troodos hills, with the national forest park on its doorstep and the authentic side of Cyprus all around.
