Description
Spread over 13,479 m², this agricultural field in Arsos offers a sizeable piece of the Cypriot countryside within the village community. The ground slopes gently across an irregular outline, giving the land an open countryside setting away from dense development. It has direct road access along one boundary. The Arsos village centre is a short drive away, as are the neighbouring villages of Malia and Gerovasa. A main road is within easy reach, and the Limassol–Paphos Motorway lies in the wider region. This is a substantial, open parcel of land with a public road right at its edge.
