For Sale : **€ 18,000**

Description
In the hill village of Foini, close to the heart of the village and with the Troodos National Forest Park within walking distance, this residential field brings together village life and the green of the forest. Picture an unhurried morning: a coffee at one of the village cafés, then an easy walk out towards the trees.

The land is gently sloping and irregular in shape, and its residential zoning gives it room for a home in a setting shaped by the village and the forest. Restaurants and cafés lie within walking distance, so everyday village life is never far from the land.

The field has no direct road access. The sale is for a 1/4 share of the field.

The appeal is simple and honest: a residential setting in Foini, the village centre close by and the forest within walking reach.
