Description
Village life begins just a short stroll from here. This residential field lies a walk from the centre of Vasa Koilaniou and its church, with restaurants and cafés within walking distance, so a morning coffee or an evening meal out is never far from home.

The land covers 1,041 m², with a fairly rectangular shape and uneven, sloping ground. It stands empty, and its residential zoning gives room for a home of your own within the village itself. When the day calls for open water and greenery, Arminou Reservoir is a drive away, adding a closer connection to nature to village living.

The field has no direct road access.

For anyone picturing a home among the cafés, the church and the familiar rhythm of a Limassol village, this plot offers that setting in an easy walk from its heart.
