Description
Close to the centre of Pachna village, this agricultural field covers 4,014 m² of sloping ground with an irregular shape. One side borders the village's residential zone, so the land sits right at the edge of the community. The zoning is agricultural, suited to farming or planting.

The land has no direct road access. The neighbouring villages of Agios Amvrosios and Kissousa are a short drive away. This is a sizeable parcel of sloping farmland within the Pachna community.
