For Sale : **€ 8,000**

Description
Village life sets the tone for this residential field in Pachna, a Limassol hill community with its own strong local identity. The land sits right beside the village, with restaurants and cafés within walking distance and a relaxed, unhurried rhythm to everyday life.

The field covers a generous 13392 m² with a smooth surface and direct road access. Its residential zoning points to a home in authentic village surroundings, with room to breathe and a closer connection to the landscape than town living allows.

Practical needs are well covered too. Schools, parks and green spaces, a petrol station and the neighbouring villages of Agios Amvrosios and Kissousa are all a short drive away, while the Limassol–Paphos Motorway is within reach for trips to the coast and the city. History is part of the wider region as well, with the Castle of Kolossi among the landmarks further afield.

This sale is for a three-forty-ninth share of the land. It is a chance to put down roots in Pachna, where open residential land meets traditional village charm.
